To Whom It May Concern:

This letter is to announce that Malabar International has contracted with Flighttime Enterprises, a subsidiary of Aviahelp Group to represent our business interests in Russia and the CIS. Flighttime/Aviahelp will sell, service, and provide after-sale support for Malabar's product line of maintenance equipment for commercial and military aircraft. This includes our aircraft jacking systems, fluid dispensing systems, servicing equipment for aircraft cooling systems, and other aircraft maintenance equipment.

For your information, Malabar has been a world leader in designing and manufacturing of maintenance equipment for commercial and military aircraft for over 77 years. Malabar designed and built the aviation industry's first hydraulic jack for aircraft in 1939, and since that time has earned a worldwide reputation for superior quality and after-sale support. Malabar products are in use in 90 countries by major airlines, airframe manufacturers, maintenance, repair, and overhaul centers, and military operations. For more information on Malabar, visit [www.malabar.com](http://www.malabar.com).

Should you have any questions regarding Malabar equipment please feel free to contact either Flighttime Enterprises, Aviahelp Group, or Malabar.

A handwritten signature in blue ink that reads "Vic Urzi".
